SKILLS SUMMARY

- Languages:** Python, HTML, CSS, JavaScript, ReactJS, Flutter, Node.js, Express.js,
- Frameworks:** Scikit, NLTK, SpaCy, TensorFlow, Keras, Dart, Redux, NPM, Babel, SCSS, Typescript, Bootstrap, TailwindCSS
- Tools:** GIT, MySQL, Version Control, Firebase
- Platforms:** Windows, AWS, MacOS

EXPERIENCE

- SCSET, Bennett University** Noida, Uttar Pradesh
Flutter Developer Aug 2022 - Oct 2022
 - Flutter-based web application for School of Computer Science Engineering Technology.:** Designed, Developed, and tested different functionalities of the application.
 - Developed UI to Code:** Worked on UI/UX and developed the same in Flutter.
 - Developed Functionalities:** Developed Teacher-Course preference page which includes Drop down and Drag and Drop functionality.
 - API Integration:** Integrated APIs into the web app.

PROJECTS

- Spotify Clone:** A clone of the famous music player Spotify built using the entire MERN Stack. (Aug '22)
- AMovies: Responsive React Movies App With API:** A responsive movie directory made using themoviedb API and SCSS principles along with hero animations to make an elegant user-friendly UI. (Dec '22)
- To-do WebApp:** Built a fully-functional responsive to-do in React and integrated it with firebase and set up authorisation for multiple accounts. (Jan '23)
- Weather Website:** A responsive website built using the MERN stack and OpenWeatherAPI (July '22)
- E-commerce App:** A fully functional e-commerce app made using Flutter and StateManagement basics. (Aug '22)
- Flashchat:** A texting app built using Flutter and Firebase Auth. (June '22)
- Music Recommendation Research- Spotify:** The goal of the project is to develop a system for the task of automatic playlist continuation. Given a set of playlist features, we generated a list of recommended tracks that can be added to that playlist, thereby "continuing" the playlist. (Nov '22)
- NEWSshorts:** Developed an application using the principles of NLP to summarise the latest news and YouTube News videos (Nov '22)
- T.F.L.W: The Four Letter Word:** Developed an application to recognise and flag offensive words in the English Language (Nov '21)

PATENTS

- Patent on DMRS: DEEP MUSIC RECOMMENDATION SYSTEM

VOLUNTEER EXPERIENCE
